Slovenian Gymnastics Federation

organizes

The

FIRST SGF international scientific conference

as part of The 2014 Congres of SGF

The Congress centre at the Metropol Hotel, Portorož, Slovenia

24 Jan 2014

GIMSLO

Encouraged by numerous success stories of the Slovenian gymnasts in major competitions and by the successful practice integrating science and expertise, the Slovenian Gymnastics Federation decided to organise **The First SGF international scientific conference.** The conference will focus on the exchange of research results in various sport disciplines.

Submissions related to the following topics are welcome: topics related to gymnastics, aerobics, gymnastics for all and other topics from the field of sports medicine, sports and biomechanics, nutrition, sports psychology, theory of training, sports technology, sports management and sports marketing.

The scientific programme is available at the conference web page:
www.gimnasticna-zveza.si/Dogodek/Scientific-conference-Slovenia-gymnastics-federation-2014.aspx

We look forward to meeting you.
